ASLA Potomac Chapter Open House & Happy Hour

Posted on Feb 24th, 2016 by Priya Obloy

People Office Community #community matters

Last night the DC office hosted an ASLA open house and happy hour, as part of the Potomac Chapter ASLA's 2016 Open Studio Series! Special thanks to Tade, Jason, Qian and Stephanie for organizing this event. To see all of the pics (including a creepy one of Jason) go to [H:Alexandria Office Events\2016-02-23 ASLA Open House\EVENT PHOTOS](#).

CREATING PLACES THAT MATTER, IS ALL THAT MATTERS TO US.

LandDesign Mission: Why we do what we do.

We're driven by a simple question: Why just make something, when you can create something that MATTERS? Create a place that stands the test of time. Create a place that brings people together. Create a place that generations from now is meaningful, relevant and sustainable. Create a place infused with stories that stir emotion.

We are landscape architects, civil engineers, planners and urban designers who believe every space MATTERS.

WE SEE THE HORIZON FOR WHAT IT IS: OPPORTUNITY.

LandDesign Vision: How we do what we do to achieve our goals.

LandDesign is THE place where passionate designers are encouraged to explore and innovate always. We are industry thought leaders. We believe that collaboration and caring passionately – always leads to better ideas for our clients and better places for everyone. We are a family of experts, idea junkies, tinkers, and listeners focused on our mission of creating places that matter, through our willingness to push boundaries, and with creativity and change as our fuel.

LANDDESIGN STRATEGIC PLAN:

LET'S MAKE THIS MATTER.

LandDesign is ours to make great together.

Our Strategic Plan is rooted in five key areas of influence within the firm, that have a direct impact on our ability to achieve our Vision.

Each area of influence has a single goal. By achieving these goals, we believe we can be successful in achieving our Vision.

WANT TO GET INVOLVED? Click on the areas below to see what is already happening, and the proposed actions that need your input to matter.

Download the full Strategic Plan Dashboard [Here](#)

AREA OF INFLUENCE:

LEADERSHIP:
ARE WE PROVIDING OPPORTUNITIES FOR ALL TO GROW?

MARKETING + BUSINESS DEVELOPMENT:

GOAL:

LandDesign is only as strong as our ability to grow great experts. LandDesign is built to be passed on to the next generation, and each generation has to be better than the last.

We want everyone to know who LandDesign is and how we are different. We need to tell the story of our work, our process, our ideas

Deltek Touch – Timesheet App for your cell phone
 If you already have the app installed on your phone, when you get to the screen to enter your PIN, tap on Change User at the top left hand side of the screen. You will be asked for the new URL, which is <https://LandDesign.deltekfirst.com/LandDesign/Time>. Then click on Connect at the top right hand corner of the screen. You will be prompted to enter your User ID & Password (this is the same as what you enter when you login to Vision from your computer). Click on Log In at the top right hand corner of your screen. You will next be prompted to setup a 4 digit PIN, which is optional. After the PIN setup, you will be taken to the time sheet entry screen where you select the time period you want to enter your time sheet for. If you **do not have the Vision App**, you can search your App store for Deltek Vision. Please be sure you download the App called Deltek Touch Time & Expense. You will need to go through the same process as above to setup the App.
 If you have any questions or need additional information, please contact Dawn Cagle.

Frequently Asked Questions

Contact Information

The technology staff recognizes that devices malfunction within and outside of regular work hours at LandDesign and at times employees will need to contact us for help. Feel free to send us an email to report any issue. Screen captures are always nice! During regular work hours, call the Charlotte office at 704-333.0325 with any computer issue that arises. You can ask for any member of the IT group by name or dial our extensions – Linda Letourneau (ext. 1046) or Andre Rutland (ext. 1012). After work hours, please contact the staff via email or at the following numbers:
